

Welcome to the IBM TechXchange Community

Connect and engage to get answers, discuss best practices, and continually learn more about IBM solutions.

Welcome to the New User for IBM Storage Scale Day

Introduction and Agenda

IBM Storage Scale Technology Exchange

Announcing the 2026 IBM TechXchange Conference

Our theme this year is simple but powerful: **GO / Explore. Build. Launch.**

Fusion Storage (Scale, COS, Ceph, Tape) User Group as well!

IBM TechXchange

Call for Sessions

October 26-29 | Atlanta, GA

Submission deadline: May 22

For more information, please visit <https://community.ibm.com/community/user/blogs/christopher-maestas/2026/05/07/call-for-speakers-share-your-fusion-storage-expert>

IBM Storage Scale Technology Exchange

Agenda - Morning

0900-0945

1 - The AI Initiative: Smarter Data, Smarter Infrastructure, Smarter Business

0945 – 1030

2 - The Future of Data is Now - Cloud on Premise & Responsible AI
"Sovereign AI" in a box

1030 – 1050

Break - 20 min

IBM Storage Scale Technology Exchange

Agenda - Morning

1050 – 1150

3 - Your AI Journey, Accelerated - IBM Storage Scale and Scale System

1150 – 1300

Break for Lunch

Agenda - Afternoon

1300 - 1315

Q&A from morning topics - 15 min –
positioning other guidance?

1315 – 1400

4 - Data Lifecycle Management - IBM Storage Ceph, S3
Deep Archive, Tape and other archive solutions

IBM Storage Scale Technology Exchange

Agenda - Afternoon

1400 – 1430

5 - IBM Storage Scale and IBM Flash System Use Cases

1430 - 1450 - Break – 20 min

1450 – 1535

6 - Global Platform for Fusion Storage (GPFS) - Principles of Operations

1535 – 1600

7 - IBM Fusion for AI workloads - (Content Aware Storage and Watsonx)
